FOR BETTER VIDEO CONFERENCES AND HYBRID WORK

hushoffice

**WE PROVIDE PRIVATE
MOBILE SPACES,
REPLACING STRESS WITH
HARMONY & PEACE.**

HushHybrid was designed to meet the current expectations of effective work models. It is a mobile solution with built-in soft seating and provides a comfortable space for solo work, especially video conferences. The interior boasts side-screen LED facial lighting and can be extended [by place for all-in-one computer]. The interior table can also be extended towards the user to create their own comfortable work space.

HUSHHYBRID IS A PERFECT PLACE FOR:

Private calls and video conferences

Webinars, both as a speaker and participant

Focused work that requires concentration

W. 1244 mm / 49 in
H. 2230 mm / 88 in

WHY IS THE HUSHHYBRID A UNIQUE OFFICE SOLUTION?

COMPACT

HushHybrid is a solution for optimal space management – the small dimensions and weight allow it to be set or adjusted to the current needs of any organization.

ADAPTED TO CURRENT NEEDS

It is the best solution for remote working, and audio/video conferencing.

COMFORTABLE TO USE

HushHybrid provides an unrivalled user experience thanks to features including quality soft seating, motion sensor activated lighting & ventilation, internal LED lighting and a space for an AIO computer.

AGILE

HushHybrid is equipped with castors which allows you to move it around the office whenever you need.

1 VESA mount for screen installation
(* monitor/computer are not currently part of the Hush offer)

2 Additional LED face lighting with adjustable intensity

3 Control panel

- 2 x USB socket
- 110/230V power module
- knobs to adjust fans' speed, face lighting, and ceiling mounted lights

4 Tabletop with adjustable depth (40 mm / 1,6 in range)

5 Front and back glass sticker for increasing user privacy

Thanks to the castors, you can quickly and easily change the position of the cabin.
